

***We believe everyone deserves to be cool.
We cool the people, not the space.
We cool where no one else can.***

Power Breezers help cut the four **Hidden Costs of Heat** by enabling you to:

- Reduce mistakes
- Improve productivity, create
- Safe working environments and
- Keep people happy

Power Breezers keep operations running at peak performance even in the hottest conditions. Compact, quiet and tough.

Key applications include: Warehouses, Logistics, Light manufacturing, Construction, and almost anywhere people are sweating.

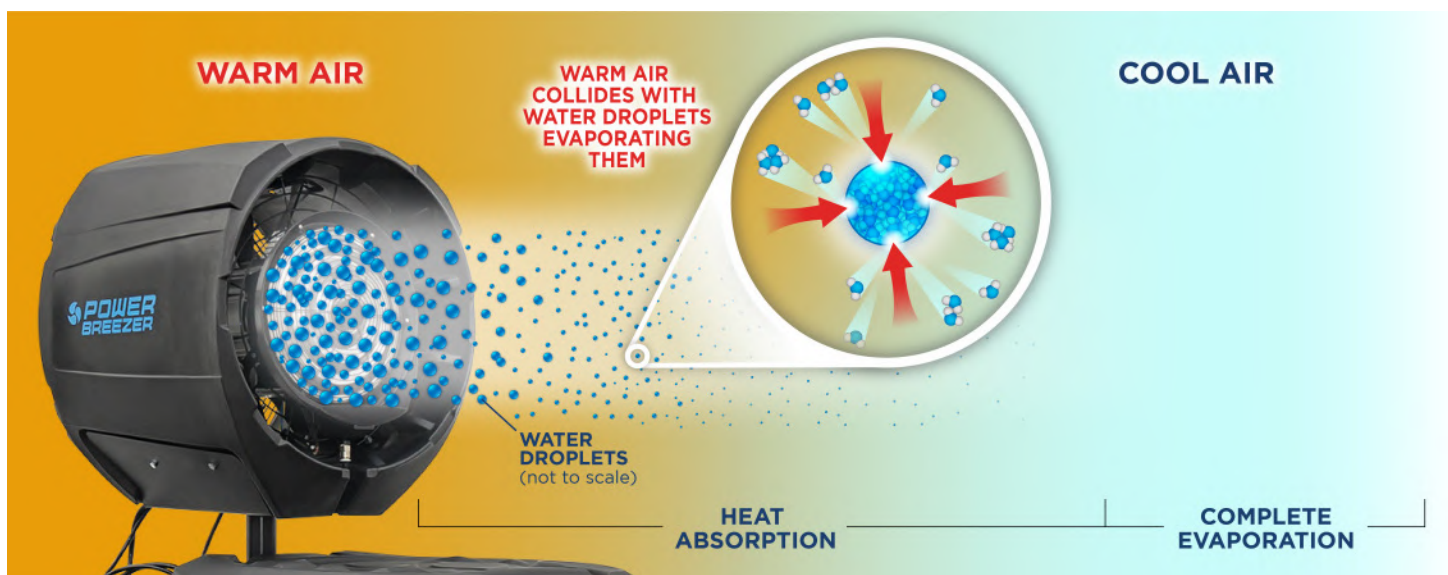

***Don't risk your bottom line to
the Hidden Costs of Heat.***

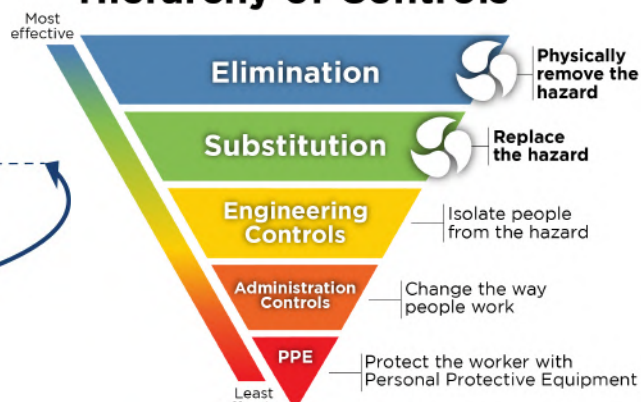

WHY POWER BREEZER?

- ✓ **Protect your people** - Cools anywhere AC cannot.
- ✓ **Set it and forget it** - No filters, nozzles or hose connections. One water fill can last days.
- ✓ **Atomized water cools** a large area without getting people or equipment wet.
- ✓ **Cools in all climates** - Variable fan speed and cooling settings for dry and humid environments.

Hierarchy of Controls
